

## Accommodation in Munich

State: November 2018

This brochure provides an overview of different accommodation types in Munich to young people. Please note that the accommodation situation in Munich is generally difficult, as cheap lodging is hard to find. The Youth Information Centre **does not have and does not rent apartments or rooms** but gives advice where to search and apply.

#### Caution!

Beware of very cheap offers – it might be a fraud! Never pay money in advance before signing the rental contract or seeing the apartment.

#### Our advise

Use the websites from the list above and create your own (free) advertisement as an accommodation seeker. In order to avoid spam and inappropriate responses, we recommend you to create an extra e-mail-address for this purpose. Try to keep your e-mail-name anonymously and do not name it after your real surname and given name.

#### \*What does 'WG' mean?

The acronym 'WG' stands for 'Wohngemeinschaft', which means a shared flat. Several people live together in one apartment and share the costs (rent, electric power, Internet etc.). Everyone has their own room, while the kitchen and bathroom are shared. 'WG' is very popular among young people in Germany (especially students).

While searching for a place at halls of residence for school students, trainees, apprentices and volunteers, you may see words like 'Tagessatz' or acronyms like 'BAB' or 'Bafög'. Here we give you a short explanation of these terms:

### **Daily rate / Tagessatz**

'Tagessatz' means a daily rate. A **daily rate** includes lodging and socio-pedagogical support.

## Bafög

The acronym 'Bafög' stands for 'German Federal Law on Training and Education Promotion'. Bafög is a Student Grant (for school as well as university students).

## BAB

The acronym 'BAB' stands for 'Berufsausbildungshilfe', which is the German Training Support Grant for trainees and apprentices.

Bafög respectively BAB are both financial support for those, who are not able to afford their study, training etc. on their own or with help of their parents. The amount of the support depends among other things on the housing costs. Several requirements have to be fulfilled in order to apply for Bafög / BAB. These requirements also concern matters of: permanent residence in Germany, the citizenship etc.
