

Accommodation in Munich

Issue July 2024

This brochure provides an overview of different accommodation types in Munich to young people. Please note that the accommodation situation in Munich is generally difficult, as cheap lodging is hard to find. The Youth Information Centre **does not have and does not rent apartments or rooms** but gives advice where to search and apply.

➤ Apartments and rooms for rent & shared flats

➤ Daily newspapers:

- **Süddeutsche Zeitung (SZ)**
→ Print version: Advertisements appear every Wednesday and Saturday
→ online version: www.sueddeutsche.de
- **Münchner Merkur und tz**
→ online version: www.merkurtz.immowelt.de
(in cooperation with www.immowelt.de)

Free district newspapers:

District newspapers appear twice or three times a week. You can usually find them in the mailbox or in front of the flats' staircases:

- **Der Münchner Wochenanzeiger**
→ online version: www.wochenanzeiger.de/mietangebote
- **HALLO München**
→ online version: www.hallo-muenchen.de

Online rental platforms

(also for rooms in so called 'WG' = shared flats):

- www.wg-gesucht.de (rooms)
 - www.heyroom.app (NEW App for flat-sharing in Munich)
 - www.wg-suche.de (rooms)
 - www.wohnungsboerse.net (rooms, apartments)
 - www.housinganywhere.com (rooms, apartments)
 - www.nestpick.com (rooms, apartments)
 - www.homecompany.de (rooms, apartments)
 - www.immobienscout24.de (rooms, apartments)
 - www.immowelt.de (rooms, apartments)
 - www.wohnung-jetzt.de (rooms, apartments)
 - www.quoka.de (rooms, apartments)
 - www.ab-ins-zuhause.de (apartments)
 - www.wohnungsmarkt24.de (apartments)
- On www.facebook.de you can search for „groups“ like „Wohnen in München“ (living in Munich) etc.

Caution!

Beware of very cheap offers – it might be a fraud! Never pay money in advance before signing the rental contract or seeing the apartment.

What does 'WG' mean?

The acronym 'WG' stands for 'Wohngemeinschaft', which means a shared flat. Several people live together in one apartment and share the costs (rent, electric power, Internet etc.). Everyone has their own room, while the kitchen and bathroom are shared. 'WG' is very popular among young people in Germany (especially students).

Our advices:

Use the websites from the previous list and create your own (free) advertisement as an accommodation seeker. In order to avoid spam and inappropriate responses, we recommend you to create an extra e-mail-address for this purpose. Try to keep your e-mail-name anonymously and do not name it after your real surname and given name.

2nd advice

Subscribe to „Budenschleuder“, which is an e-mail newsletter. The newsletter contains private offers on rooms & apartments for rent. However mostly written in German. You can create your own ad and ask for publication in the upcoming newsletter.

→ Subscription via e-mail: budenschleuder@kraeftner.de

- The Tent – hostel and camping-ground: www.the-tent.com
- Couchsurfing: www.couchsurfing.com

➤ Student accommodation, halls of residence & dorms

In general, students at German universities **do not receive accommodation on enrollment**. In practice, it means that not every applicant automatically gains a place in a dorm. Usually there are more applicants than the number of places available.

The student halls of residence are run by various organisations. These are: the student union, church organisations (Protestant or Catholic), associations and commercial providers.

The Munich Student Union

Please note that **halls of residence** provided by **The Munich Student Union** (in German: 'Studierendenwerk München und Oberbayern') are **only for local students** of the associated colleges and universities. Students with parents in the catchment area of the MVV (Munich Public Transport) are **NOT** eligible to apply, nor are Erasmus, program and exchange students or interns.

Information and online application (for a maximum of three residences) at www.studierendenwerk-muenchen-oberbayern.de/wohnen/
There you can also find information about the current waiting periods: usually several semesters depending on the residence.

→ The Housing Referral Service - Private room agency

The Housing Referral Service of the Munich Student Union passes on the details of private rooms to students who have not been offered a space in halls of residence. All current offers are posted daily on the internet. Please notice that the Munich Student Union is involved only in function of intermediary. For more information and registration, please contact the **Housing Referral Service** at: www.stwm.de/privatzimmer

→ Studying with a child or with a disability – advisory services:

- Phone +49 89 / 38196 -1252
- e-mail: haertefaelle@stwm.de

→ Exchange Students / Erasmus Students

The Munich Student Union offers a '**Servicepaket**' (**Service Package**) for students who participate in the international exchange programs of the universities. There are a limited number of 'Servicepaket' rooms, so it is important to apply early on! For more information, see: www.studierendenwerk-muenchen-oberbayern.de/en/servicepaket/

Accommodation Support for TUM students

Technische Universität München (TUM) offers **Housing Search Assistance** for their (international) students and scientists. For more information in English, see: www.tum.de/en/university-life/accommodations

Important information and explanations

While searching for a place at halls of residence for school students, trainees, apprentices and volunteers, you may see words like 'Tagessatz' or acronyms like 'BAB' or 'BaföG'. Here we give you a short explanation of these terms:

Daily rate (in German 'Tagessatz')

'Tagessatz' means a daily rate. A **daily rate** includes lodging, (full) board, pedagogical support and leisure time activities.

BaföG

The acronym 'BaföG' stands for 'German Federal Law on Training and Education Promotion'. BaföG is a Student Grant (for school as well as university students).

BAB

The acronym 'BAB' stands for 'Berufsausbildungshilfe', which is the German Training Support Grant for trainees and apprentices. The amount of the support depends among other things on the housing costs. Several requirements have to be fulfilled in order to apply for BaföG / BAB. These requirements also concern matters of: permanent residence in Germany, the citizenship etc.

➤ Homeless?

Acute crisis? Looking for an emergency place to sleep? Assisted living?

Young people (up to 21 years old) who do not have a place to sleep and would like support from the Youth Welfare Office (for example in the form of "assisted living") can get information and advice from us at any time during our opening hours: Monday: 12-7 pm + Tuesday-Friday: 1-6 pm. However, we do not arrange or provide accommodation!
